CT Rating 3.5/5 - Challenging: India offers diverse cultural experiences but requires travellers to have an open mind to enjoy this unique environment. Travel conditions will be more challenging and sometimes facilities will be limited. Standards will also differ from those in Canada. Road traffic and conditions can be relatively chaotic and we will have a number of long travel days by coach. Air quality, especially in the areas around Delhi, Agra and Jaipur can be poor. Accommodations range from deluxe to rustic heritage properties. Food should satisfy Canadian travellers (mostly buffets), but some dishes will be spicy. Due to the physical and cultural demands, members should be in good physical health and capable of handling their luggage, if needed.
