Costa Rica stands as one of the world's leading nations in environmental conservation. With over 25% of its landmass protected as national parks and reserves, we will have ample opportunity to experience the natural beauty of this diverse country—from tropical rainforests to windswept beaches, from tranquil lagoons to mountain-top cloud forests surrounding volcanoes. In each area, we will see flora and fauna that are either unique to this region or nearly extinct elsewhere.

Carefully designed to provide an overview of Costa Rica's diverse ecosystems, this program ensures comfortable accommodations and ample time to experience the country's biodiversity. A balance of guided sightseeing and leisure time allows us to explore at a relaxed pace. During your free time, you may choose to unwind in the peaceful surroundings of our resorts or join an optional excursion.
