JOURNEY LEADER: MICHELE BUYS

A leopard resting peacefully among the trees

Often described as “The World in One Country”, South Africa is blessed with a diverse climate, geography, wildlife, and cultural heritage unmatched anywhere else. Each day, new and exciting vistas unfold before us: the rolling pasturelands of Mpumalanga, the lush greenery of the Garden Route, the bush with its endless varieties of game and bird life, miles of golden sand beaches, quaint country towns, modern thriving cities, and much more.

Over the past two decades, South Africa has undergone tremendous political and social changes, transitioning from a minority white rule and apartheid to a representative government. Today, the country lives in harmony with both nature and its people. We will have special opportunities to meet with and learn from different ethnic groups throughout our journey. As our previous departures to South Africa have filled extremely quickly, we urge you to enroll early.

Journey Leader

Michele Buys recently retired from nursing after 37 years of service. With parents who immigrated to Canada from Holland, she developed a passion for travel at a young age. Her adventures began with a backpacking trip through Europe, followed by explorations in Morocco and Turkey. Later, she embarked on a solo trip around the world, working briefly as a nurse in Australia and immersing herself in the local culture. One of her most memorable experiences was climbing the Annapurna Mountain range in Nepal, reaching 5,400 metres. Michele continues to explore Europe whenever possible, with her latest destination being Croatia. Her outgoing personality and sense of humour will make your trip a truly memorable one.
