# SOUTH INDIA

**SMALL GROUP**  
FEB 18-MAR 7, 2027 | 18 DAYS | 45 MEALS  
JOURNEY LEADER: HEATHER PATENAUDE

*Cruise through the tranquil backwaters of Kerala*

This journey explores the profound cultural evolution of South India, tracing a path from the dynastic architectural legacy of Tamil Nadu to the maritime heritage and natural landscapes of Kerala. In the east, we immerse ourselves in the heritage of the Pallava Empire and Chola Empire, whose towering stone temples have served as centres of spiritual and social life for over a millennium. As we cross the Western Ghats, the narrative shifts to Kerala's history as a global spice hub. Here, culture is shaped by its relationship with the water and mountains, while colonial influences from Portugal, the Netherlands, and the United Kingdom have blended with local traditions to create a distinct, multicultural identity. We have designed this tour to balance the grand stories of the past with the lived experiences of today, connecting you to the people and traditions that make South India so special.

**CT Rating 3.5/5 - Challenging:** India offers diverse cultural experiences but requires an open mind to embrace its unique environment. Living standards often differ from those in Canada, and travellers should anticipate a high-energy atmosphere in busy districts. Traffic is frequently chaotic, and the itinerary includes several long travel days where roadside facilities may be limited. Air quality, particularly in larger cities, can be poor. Accommodations range from deluxe hotels to rustic heritage properties. Meals are primarily vegetarian or vegan, served buffet-style, and can be spicy. Due to the physical and cultural demands of the trip, members should be in good health and capable of managing their own luggage.
